# Northern Spark

June 13, 2015

Welcome to the fifth Northern Spark — an all-night arts festival that lights up Minneapolis the second Saturday of June!

### All night

When the sun sets at 9:00 pm and the city awakes to a new sense of possibility. For 8 hours and 26 minutes the city surprises you: friendly crowds, ambitious art projects, an unexpected path through the urban landscape, the magic of sunrise after a night of amazing experiences.

### Wonder

A city plaza becomes an art-arcade; people with headphones dance to the same beat everywhere you go; a fantastical bed hangs high above to capture your dreams. Northern Spark in one word is: wonder.

### Wander

By foot, bike, car, bus, rollerblades, skateboard or pedal cab—however you move is up to you. Make your way through multiple festival zones in Minneapolis that play host to the festival by following your senses. What will you discover next? What is around the next corner? What friends will you meet or make?

### Illuminate

See the city in a new light. Whether it's a projection as big as the Gold Medal silos or a fleet of glowing bikes circling Minneapolis Convention Center Plaza, the artists of Northern Spark shine new light on familiar places. By the end of the night you'll find yourself with an illuminated perspective of the places you thought you knew.

### Together

We seldom experience a city as a community, but for one night at Northern Spark, Minneapolis is a moveable feast. The door is open to you at multiple venues. It's an art smorgasbord catered by hundreds of artists. But it is only complete with your participation, together with thousands of others.

This year Northern Spark turns 5, and we're reflecting on a half-decade of collective work that makes this event happen. We thank you for being part of the journey and hope you'll continue to help us sustain this festival—as an artist, volunteer, advocate or donor. Sign up for our newsletter, help out with a donation, do what you can to stay in touch and add your support to the growing community that makes Northern Spark happen each year.

Northern Spark is presented by Northern Lights.mn, a nonprofit arts organization with the mission to transform our sense of what's possible in public space. Northern Spark is one night, but Northern Lights.mn shines throughout the year.

Let's wonder, wander, and illuminate together, all-night!

—**Steve Dietz**, Artistic Director and **Sarah Peters**, Associate Director
